American Heart Association (AHA)

Basic Life Support for Healthcare Providers Course (BLS-P)

Organized by

Resuscitation Training Centre, Caritas Medical Centre (CMCRTC)

The **Basic Life Support for Healthcare Providers Course** aims to provide BLS knowledge and skills of CPR for victims of all ages, use of automated external defibrillator (AED), and relief of foreign-body airway obstruction (FBAO). This program involves multiple learning activities including videotape, practical session and instructor discussion.

Successful completion of BLS training according to the standards of the American Heart Association requires candidates to achieving the following:

1. Participate in hands-on interactive demonstration of high-quality CPR skills
2. Pass the Adult CPR and AED Skills Test
3. Pass the infant CPR Skills Test
4. Score at least 84% on the written exam

Upon successful completion of the BLS Course for Healthcare Providers, an **AHA BLS Provider Completion eCard** will be awarded. It is strongly recommended that candidates read the **AHA BLS Provider Manual** prior the class that can be collected after successful enrollment. Early application and collection of course materials are much encouraged.

The **Caritas Medical Centre Resuscitation Training Centre (CMCRTC)** is the first Training Center of the American Heart Association (AHA) in Hong Kong. With the cooperation of Hong Kong AHA International Training Organization, the Centre has conducted ECC BLS, ACLS and PALS training since August 2000.
